Yea this right here  
Is going out to all them girls out there  
That did me and south wrong, ya know?  
Tell you a lil story its the reason

Love, hate, mistakes, tell me wacha think is going on  
We date, all day tell me wacha think is going on  
Too late, heartbreak tell me wacha think is going on  
What's going on what's going on

Yo, eh yo me and miss thang  
We run a perfect team  
We had all the things all them other couples fiend  
Love, trust, good sex, and security  
If you ever felt weak Smilez was your energy  
Trips across seas, show you the finer things  
No more burger king it was fine dine, cuisine  
And if it never had it, I don't think it mattered  
We were a classic like Nas in Illmatic  
I was so deceived, I thought we had a thing  
You used to blow my 2 way up wit 143s  
Da L-O-V had me blind I would had to see  
I trusted my friends, all they were yelling at me  
How could you do me so wrong, I don't wanna get  
dogged  
I invested three years ma, plus this song  
I'm so confused, where to go? How do I choose?  
I guess to find real love I gotta pay my dues

Love, hate, mistakes, tell me wacha think is going on  
We date, all day tell me wacha think is going on  
Too late, heartbreak tell me wacha think is going on  
What's going on what's going on

It seems so good, yo we used to chill in the hood  
You made me feel that tingle in my heart like nobody  
could  
And all the long we stood, when times was hard  
Even before all this rap shit made me a star  
When I was working two jobs, just to survive  
When I felt like killin' myself you kept me alive

What a pair, me and you, we was a match  
Different tastes, but you know opposites attract  
By my side, hold my head, and kept me strong  
Still trying to figure out, where the hell we went wrong  
I did what I can, young cat made a man  
Stayed and weathered the storm, when most would of  
ran  
Too much pride, and you know men don't cry  
Had to let you go even though it hurt inside  
All by myself, now I had to turn to these rhymes  
Its the only way I know to release my mind.

Love, hate, mistakes, tell me wacha think is going on  
We date, all day tell me wacha think is going on  
Too late, heartbreak tell me wacha think is going on  
What's going on what's going on

Its been a while yea you know time goes fast  
Let me tell you though, some things still don't pass  
Sit back in the pad, think about the times we had  
Try not to let it make me sad, or make me mad  
I'm tryin' to move on wit my life, the wound is healed  
Yea I'm just speakin' it real, I'm ready to feel  
Ready to provide for my seed, a man now  
Bet you cant believe its me

You ruined a good thing and all of our dreams  
Tryin' to lock me down a lifetime in the beam  
Monitoring my calls, griping at my dawgs  
I never really understood the cause  
My friends were your friends  
Your friends were my friends  
Your doe was my doe  
My doe is my doe  
Mano y mano  
We'll fought this weather  
And everybody that's been through it  
Then sing it together.

love, hate, mistakes, tell me wacha think is going on  
we date, all day tell me wacha think is going on  
too late, heartbreak tell me wacha think is going on  
what's going on what's going on  
(repeat until end)
