American spider dream your dream and just sit back  
and sing. What a tangled web we weave and the things  
your thoughts can seem.

\*Chorus\*

So hold up your arms and lift up your hearts and feel  
rejoiced and fall apart, 'cause it's our time to live and  
it's our time to start.

American spider find your dream and think of all the  
things you can see. What a lovely web we weave and  
the choices will agree.

\*Chorus\*

American spider you lived your dream and remember  
all the places you have seen. Once a web that we would  
weave now a past we can't retrieve.

\*Chorus\*
