This only comes once and I'd sure like to see it happen  
this time, this time, this time. I can not run if I survive  
this time, this time, this time. And this is all we were in  
our dreams.

(chorus)

Where were you when we were getting high he said  
and I wish I could write something like. Where were you  
when we were getting high he said and I wish I could  
write something like that too.

I run and run but do not move and I can not change my  
mood. I'm letting them win the game am I the one to  
blame this time, this time, this time? And this is all we  
were in our dreams.

(chorus)
