Do you remember that cold December when I said I loved her and I want to spend our lives together. The mood was just right, our hands clasped so tight, full moon burned bright. Oh yea.

(chorus)

And I know we've got far to go and we will be ok and just let go to what your holding onto and we will be ok.

Do you remember when I said I loved her and I want to spend my life growing old with her. The mood was just right, our hands clasped so tight, full moon burned bright. Oh yea.

(chorus)

do do do do da do do.....

(chorus)
