And I can't wait to see you today but I know I will have to wait and these nerves turn into thoughts of possibilities but I know I just can't wait.

1...2...1...2...3..4

And I can't wait 'til I hold your hand but I know that you would understand that I want to kiss your lips but I know I know that you know I will try but what can I do 'cause I'm so in love with you that I just can't sleep at night.

What if our eyes meet suddenly and our hearts begin to skip a beat. We notice that we notice we are noticing and what if our thoughts seem to slip away and our tendencies want us to stay we know we just plain know.
