Denying it
I'm trying it
But things happened too fast
I'm taking it
And breaking it
'Cause good things don't last

I'm hoping for
I'm groping for
A chance to know how
I'm missing it
I'm kissing it all goodbye now

Forever isn't long enough
I can't fix what's broken

You let me in
Time and time again
You wouldn't let go
You only wanted me
To be exactly what you wanted me to be

You're always in my heart

No more yesterdays
That's how it has to stay
You're always in my heart
Even if you're gone
I have to carry on

Forever taunting me
It kept haunting me
But you should know that
We broke apart
Accusing me of tearing out your heart

Forever isn't long enough
I can't fix what's broken
You never believed in love
You can't when it's unspoken

You're always in my heart

No more yesterdays
There's nothing left to say

You're always in my heart
Even if you're gone
I have to carry on
