(Nicula/Bojescu)

I'm telephoning my sweetheart
'Cause she is deeply hurt
Once more hello, hello, hello.
Why does she not reply?

She has picked up the blue phone
"Listen dear, I'm wrong"
Once more hello, hello, hello
Why does she not reply?

I don't know how much I will wait, hello
Till she forgets the harm I've made, hello

I am awaiting for her call
But she don't care at all
Once more hello, hello, hello
Somehow she will reply

I don't know how much I will wait, hello
Till she forgets the harm I've made, hello

I'm telephoning my sweetheart
'Cause she is deeply hurt
Once more hello, hello, hello
Why does she not reply? hello
Why does she not reply? hello
Why does she not reply? hello
Somehow she will reply
M-m-m-m-m.
