Sitting in that small cafe  
I caught your glance you took my breath away  
We talked all night until the dawn  
I held you close I knew my heart was lost

Away from you  
Seems all I do is dream of you  
The whole night through  
Caressing you  
My heart my soul I'm giving you  
Forever and always

Can you wait until the day  
When I am free and I can break these chains  
We'll ride the seas we'll touch the stars  
Time is the key now that we've come this far

Away from you  
Seems all I do is dream of you  
The whole night through  
Caressing you  
My heart my soul I'm giving you  
Forever and always

Every moment you've been gone  
I pray for strength to carry on  
I see your picture on the wall  
But you're not really there at all  
I close my eyes and see you laying here with me

Away from you  
Seems all I do is dream of you  
The whole night through  
Caressing you  
My heart my soul I'm giving you  
Forever and always

Away from you

Away from you  
Seems all I do is dream of you

The whole night through  
Caressing you  
My heart my soul I'm giving you  
Forever and always
