It's emptiness for me  
Since you stepped right out of my life  
Without a kiss or a sigh  
You just left me alone in my emptiness  
Just one more kiss, cause I know  
That I can't live without you

It's emptiness for me  
Now you're gone, and there's nothing left  
It mustn't show, but I know  
And I'm feeling sad in my emptiness  
Just one more kiss, cause I know  
That I can't live without you

I wonder who's world you are steppin' into now....  
I wonder how long it will last  
If you really love him, if you really love him

It's emptiness for me  
Since you stepped right out of my life  
Without a kiss or a sigh  
You just left me alone in my emptiness  
Just one more kiss, cause I know  
That I can't live without you

I wonder who's world you are steppin' into now....  
I wonder how long it will last  
If you really love him, if you really love him

It's emptiness for me  
Now you're gone, and there's nothing left  
It mustn't show, but I know  
And I'm feeling sad in my emptiness  
Just one more kiss, cause I know  
That I can't live without you

Without you, it's emptiness for me
