Into a lifetime of the time[? ]  
See flowers bloom then fade to dust  
I watch each moment sadly die

Time the[? ] stranger called me here  
Fields before me I walk alone  
Each tear that falls is lost forever

And this illusion where time has it's way  
Stripping away the future  
People standing still, waiting for a tomorrow that never  
comes

Eternity, deserting me  
While time just passes by  
Eternity, deserting me  
Time...  
Time...

My soul has touched [? ] isolation  
The ticking clock of passing time who never stops to  
see today

Time the[? ] stranger called me here  
Fields before me I walk alone  
Each tear that falls is lost forever

Eternity, deserting me  
While time just passes by  
Eternity, deserting me

Eternity, it calls me  
While time just passes by  
Eternity, deserting me  
Time...  
Time...
