"I Need You"

I need you,
I need you more than birds need the sky
I need you,
It's true little girl
That you can lift these tears from my eyes

(chorus)
But if you ever tell me goodbye
I'll break down and you'll hear me cry....
I need you
More than anybody else has needed anyone before

I need you,
There's no-one else to stand in your place
I need you,
You know little girl
That you can keep a smile on my face

(chorus)

(instrumental)

I need you,
There's no-one else to stand in your place
I need you,
You know little girl
That you can keep a smile on my face

(chorus)

More than anybody else has needed anyone before
I need you(x3)
