Waiting for the hurricane  
To hit New York City  
Somebody said it's hit the bay  
This is the nitty gritty

And all the bag ladies  
Better put their acts together  
We're near the eye of the storm  
This is really heavy weather

We were lost and found, in the nick of time  
While the ship was going down  
We were lost and found, just in time  
With the hurricane crossing the coast line  
We were lost and found, just in time  
Oh

This thing is bigger than the both of us  
It's gonna put us in our place  
We were lost and found, just in time  
Now we've got no time to waste

They're putting up the barricades  
Because the hurricane is heading up this way  
So won't you come in from the cold and the pouring  
rain  
And the old sea dog says shiver me timbers  
The sky's gone black  
And it's like the dead of winter

We were lost and found in the pouring rain  
When the hurricane swept across the coast line

This thing is bigger than the both of us  
It's gonna put us in our place  
We're gonna see what really matters  
When you see that storm stare us in the face

We were lost and found  
And we beat the fear  
We came through the storm

Now it all seems clear  
We were lost and found, standing here  
Looking at the new frontier

Lost and found, just in time  
With the hurricane crossing the coast line

Lost and found, just in time  
With the hurricane crossing the coast line
