Hey, I never met a girl like you before.
Yeah, I never met a girl like you before.
Girls like you are very hard to find.

Hey, I never met a girl that I could miss.
Yeah, I never met a girl that I could kiss.
Girls like you are very hard to find.

When I kiss you,
I kiss your lovely lips.
When I hold you,
You got one hand I want to hold.

Girl, I never met a girl like you before.
Yeah, I never met a girl like you before.
Girls like you are very hard to find.

Hey, I never met a girl like you before.
Yeah, I never met a girl like you before.
Girls like you are very hard to find.
To find, to find, you're mine...
