Open up your eyes, see the world around you
It's not what we thought it was. it's not what we were
told.
Flashing signs before us. they're even reading the last
rites.
All our systems have failed us. now they've turned out
the lights.

Soothe sayer. the miracle's just begun. what a cool
player.
Love is the only one! soothe sayer.

New age, millenium. the coming of the new messiah.
Wall street, big businesses, pretending it's alright.
Preachers lost in ministry, while the sinners laugh and
mock.
Angels watching helplessly the final ticking of the
clock!

Soothe sayer. got you on the run. what a cool player.
love is the only one!
Soothe sayer. got 'em on the run. what a mind blower.
love is the only one!
Soothe sayer.

When you walk that rocky road, you need food to feed
your soul.
I'll help you with that heavy load, until you reach your
home!
Your not alone!

Soothe sayer. the miracle's just begun. what a cool
player.
Love is the only one. soothe sayer. soothe sayer.
The devils on the run. what a cruel player.
Love is the only one! soothe sayer!

Open up your heart. look up in to the sky.
Feel the energy around you and know that we must try.
Love's the new reality, the true saviour of this world.
We're gonna live through this insanity. you better hold

on to me guru!
Soothe sayer. soothe sayer
