As I walked home the other night,
I looked up to the sky.
It hit me like a light in the head
He showed me of the world
In a different way.
Oh, I'll never be the same.

[this is space-sector calling] are you talking to me?
[we have a message for you] I could not help but listen.
[children of earth must all become] one family.
[your leaders will not listen] but what can I do?
[people will listen to you] I'm just a poor fool,
[reach out and help us and] make them understand.

A place for everyone,
In their sacred plan.
Living in all lands.
I'll never turn away,
Now my life has changed,
I'll never be the same.

[this is space-sector calling] are you talking to me?
[we have a message for you] I could not help but listen.
[children of earth must all become] one family.
[your leaders will not listen] but what can I do?
[people will listen to you] I'm just a poor fool,
[reach out and help us and] make them understand.

[this is space-sector calling] are you talking to me?
[we have a message for you] oh what can it be?
[children of earth must all become] one family.
[your leaders will not listen] but what can I do?
[people will listen to you] I'm just a poor fool,
[reach out and help us and] make them understand.
