Took a walk outside, the truth was on my side,  
But I didn't even make the corner.  
Revolution in my sights, the time seems so right,  
But I never even saw it coming.  
Can't let it go. oh no, no.

Can't you hear me call, bang my head against the wall,  
Can't stay around this place forever.  
Can't you see, we gotta be free,  
We all gotta come together.  
Don't let go, oh no.

Unfinished business,  
You thought you'd keep me quiet.  
You put a bullet in my side, but you can't put out my  
light.  
Unfinished business,  
Yes, love's the only way to find peace today.

The future's here today, we gotta find a way,  
To put all the pain behind you.  
You gotta put down the guns, all religion is one,  
Politicians only want to blind you.  
Break away, oh there's a way.

Oh, the message is clear, wipe away all the tears,  
And build a better world around you.  
Got to give out your love to each and every one,  
Can't you see it's only fear that holds you,  
Let it go. oh, let it go.

Unfinished business,  
I though that I was right[? ].  
What that fool put out that night, [? ] burn so bright.  
Unfinished business,  
Oh yes, love's the only way to find peace today.

So you thought you'd take my life,  
Put a bullet in my side, but you can't put out my light.  
Unfinished business,  
Love's the only way to find peace today.

There is no place to hide
