By your smile,  
I know you think  
I'm just a dreamer  
And that the way I act seems  
Often kind of foolish,  
But eyes can lie,  
And sometimes words are oh so useless.  
Oh you're part of me,  
The rest is history.  
There is a light that shines above you when  
I'm near you  
That somehow tells me all the things we  
Never say.  
And in my heart,  
I sense a love that lasts for always.  
Yes our dreams were true,  
It's just we never knew.

Chorus  
I love you,  
Yes I do,  
There is no doubt.  
I love you,  
And there ain't no doubt about it.

Repeat

In your eyes I see you a visionary dreamer,  
And all at once they say you're acting like  
A fool.  
The world may change,  
But it can never really harm you,  
For there's a love that's true,  
That's deep inside you.  
Soon the time will come for us to say  
Goodbye,  
But all the visions of our friendship will  
Remain.  
And every time I see a child look to the sky,  
I will remember you.  
We shared a love oh so true.

Chorus  
I love you,  
Yes I do,  
There is no doubt.  
I love you,  
And there ain't no doubt about it.

Now as I gaze out of my window to  
The stars,  
It seems somehow our little lives are oh  
So strange.  
I close my eyes and feel the universe within  
Me.  
And you're part of me,  
And you will always be.

Chorus  
I love you,  
Yes I do,  
There is no doubt.  
I love you,  
And there ain't no doubt about it.

Repeat
