Where did the spring go?  
Where did the trees go?  
Where did the sun go?  
Where did the bluebirds fly?  
Why did the rainbow turn into shadows?

Why am I cold now?  
Why does my skin sag?  
Why ain't my back straight?  
Why do my feet ache?  
Where did my youth go?  
Where did my life go?

Remember walking in the rain  
And getting soaking wet  
Now I got rheumatic pains  
And I really do regret it

Where did my teeth go?  
Where did my muscles go?  
Where did my shoulders go?  
Where did my chest go?

When you were loving me  
You were just using me  
You would employ me  
You would destroy me  
Now all I've got are varicose veins

Where did the spring go?  
Where did my hormones go?  
Where did my energy go?  
Where did my go go?  
Where did the pleasure go?  
Where did my hair go?

Remember all those sleepless nights  
Making love by candlelight  
And every time you took my love  
You were shortening my life

Where did my teeth go?  
Where did my hair go?  
Where did my shoulders go?  
Where did my chest go?

Where did my hormones go?  
Where did my go go?  
Where did my energy go?  
Where did my skin go?

Where did my muscles go?  
Where did my liver go?  
Where did my heart go?  
Where did my bones go?
