Woman's world. It's a woman's world when she's in
love)

It's a woman's world when she's in love

It's a woman's world, his kiss can make her glow

And that's what makes it so (it's a woman's world)

It's a woman's world, stars dance above

It's a lovely world, his footstep at the door

Just proves it more and more

His hopes, his dreams and his ambitions

All the ups and downs she'll gladly share

She'll give her all without conditions

When he looks around, she'll be there

It's a woman's world, ask any man

It's a woman's world, and he's so glad it is

For when it's hers it's his!

It's a woman's world, but only because it's his

(It's a woman's world, ask any man

It's a woman's world, and he's so glad that it is)

For when it's hers it's his!

It's a woman's world, but only because it's his

(Woman's world. It's a woman's world when she's in
love)
