(Woman's world. It's a woman's world when she's in love)

It's a woman's world when she's in love
It's a woman's world, his kiss can make her glow
And that's what makes it so (it's a woman's world)

It's a woman's world, stars dance above
It's a lovely world, his footstep at the door
Just proves it more and more

His hopes, his dreams and his ambitions
All the ups and downs she'll gladly share
She'll give her all without conditions
When he looks around, she'll be there

It's a woman's world, ask any man
It's a woman's world, and he's so glad it is
For when it's hers it's his!
It's a woman's world, but only because it's his

(It's a woman's world, ask any man
It's a woman's world, and he's so glad that it is)
For when it's hers it's his!
It's a woman's world, but only because it's his

(Woman's world. It's a woman's world when she's in love!)
