"Save A Dance"

When out of the wallwork you came
And took my breath away
Just when I thought I couldn't love life,
No I wouldn't just want something better
That's when you came along
You caught my attention
Said, "When you hear this song..."

Won't you save a dance for me
And we'll join the band in a sweet melody
Said I've been waiting for you for so long
I'm ready to stumble, crumble, melt my way
Into your arms."

So we danced all night and we stayed so close
Till morning arrived and the dance hall closed
Just when I thought I couldn't love life,
No I wouldn't just want something better
That's when you came along,
To think this all started, cuz you heard that song

Won't you save a dance for me
And we'll join the band in a sweet melody
Said I've been waiting for you for so long
I'm ready to stumble, crumble, melt my way
Into your arms."
