Out of time, out of luck

Thought I was just dreamin'

Then I woke up

You said it was over

The end of the line

I'm tellin' everybody I'm fine

But I'm just

Climbin' up Mt. Everest

I swear it's like crawlin' from here

To Memphis knocked senseless

Like diggin' a hole in China to find

You don't love me no more

Night after night I come home

Watchin' on the news

Who else was overthrown

Two warring nations

We fought the good fight

Always waiting for the other to strike

And it's like

Climbin' up Mt. Everest

I swear it's like crawlin' from here

To Memphis knocked senseless
Like diggin? a hole in China to find
You don?t love me no more
Shine the light, ring the bell
Guess you don?t love me
Well, well, I?ll go on, I?ll survive
I don?t know how but I?ll try
Climbin? up Mt. Everest
I swear it?s like crawlin? from here
To Memphis knocked senseless
Like diggin? a hole in China to find
You don?t love me no more
You don?t love me no more
You don?t love me no more
