JOel was her only son  
Trouble was his way of having fun  
With the wrong crowd  
He was heading for kingdom come  
What should a mother do  
She'll have to let go to get through  
If she could she'd send him away for his own good

Chorus:  
It's such a contradiction  
To love someone enough to walk away  
The curse of benediction  
Is the pain that just won't go away  
La La La La  
It's such a contradiction

Penny was just sixteen  
Answering someone else's dream  
With her child  
'Cause they had what  
she couldn't provide  
What should a mother do  
She had to let go to get through  
If she could she wouldn't do what's for his own good

Repeat Chorus
