You made me cry when you said goodbye

You didn't even tell me all the who's, the what's

The where's, the reason why, tell me

How can it be that you don't love me anymore?

You promised me, swore we would be together

Through the worse or better

For the now and the forever and the in between, tell me

How can it be that you don't love me anymore?

I thought you were mine, I thought we were fine

How can it be that you don't love me anymore?

I haven't changed, my love's the same

Now you're gone and movin' on

And in my heart the question still remains, tell me

How can it be that you don't love me?

No, how can it be that you don't love me?

Darlin', how can it be that you don't love me anymore?

Hey, yeah
