"I Will"

I will crawl through your grief
I will cry 'til I drown
Cut a path through your dark 'til I'm lost and your found
Turn your black into grey
I won't hurt when I bleed
I'll give up my desire 'til you get what you need

Chorus:

Ask me I'll be there whenever you fall
To do anything, everything, nothing at all
I'll move any mountain that keeps you from me
I'll change, rearrange, disappear in your dreams
Please don't ask me to let go or make me give up cuz I
love you that much
And I will, it'll kill me, but I will

I'll never say that I know how you feel
But I know in your heart that those demons are real
So don't push me out, I won't pull you in
But I won't let you lose if you let love win

Chorus

Baby I will

If you can just look past your fear
You'll see me standing right here

Chorus

Baby I will
Baby I will
Baby I will
