A crazy game, a silly face  
Everything I hold, brings such amazing grace  
Big strong hands, to hold me high  
Lifting me up so much, I feel like I can fly

Now you're floating on angel's wings  
Breathing freely as we sing

Chorus:  
All these things we will remember  
In a smile or in a song  
All the things that you have taught us  
Will help us get along  
So much love and so much laughter  
Even in your weakest times  
Leaving footprints on our hearts  
And memories in our minds

Verse 2:  
Football games, sitting in your TV chair  
I sit and listen to your stories  
And run my fingers through your hair  
Western movies, drivin' Chevies  
Always humming a little tune  
Dreamin' 'bout good ole West Virginy

Bridge:  
Better days are comin', second Tuesday of next week  
Little Suzy Cue will be waiting  
With peppermint sticks to eat  
Saying, "heal that boy!" to keep us kids in line  
So "Let me get my penknife"  
And sing you a song of mine
