Paint me a picture of what you see in my eyes  
Show me all the things I try so hard to hide  
Open my heart let it overflow with love  
Send down His mercy from above

Pre-Chorus

Well don't you know that, perfect love drives out all  
fear

So just sit back and let the love appear

Chorus

What are you afraid of?

Maybe things you just don't understand

Like how Jesus walked on water

And you can only walk onto dry land

What are you afraid of?

Maybe things you just can't see

You can't see the deepest oceans

But can you see the love there is in me?

Verse:

Paint me a picture of what you see in my heart

Hold all the pieces so I don't fall apart

Open my mind don't let my thoughts go astray

Hold on before this love slips away
