Verse:

The wind blows across my face. I feel Your gentle touch
Healing me on my knees, I humbly bow to You, oh Lord

Chorus:

Rescue me, I'm on my knees, I sing my song to you
You calmed the storms, walked the sea, I want to
praise Your holy name
You satisfy, renew my life, when I call You answer me
I'll rejoice in Your truth, I'll live my life to do Your will

Verse:

I lie awake. I have become like a bird alone on a roof
But you remain just the same. Your years will never
end, oh Lord
