#### Verse 1:

What would you do, if I walked in the room and  
decided to sit with you?  
Would you turn away and pretend not to know me until  
you're not doing okay?  
I see you think you're doing fine  
But I think about you all the time  
As you wander aimlessly through those doors  
You'll find that you'll need me more and more

#### Chorus:

Whatever happened to "hellos" and "goodbyes" and  
"It's nice to see you again"?  
Do you look to the heavens? Can you see me waiting,  
desperate to be your friend?  
Can you find a reason you think the winds blew so  
strong and drifted us apart  
But I'm still with you. No matter how hard you try, I'll  
always be in your heart

#### Verse 2:

What would you do, if you saw me hurting with tears  
rolling down my face?  
Would you pass me by, and avoid any contact, ignoring  
the pain in my eyes?  
I see you stop and standing there  
From where I am I can only stare  
If you want to know what I would do  
I'd give up my life and die for you

#### Verse 3:

What would you do, if I told you I'd love you and I'd  
give what you would need?  
Would you turn me down, and continue to press on,  
pretending I'm not around?  
I see you're holding on to see  
The kind of person you could be  
You're holding on with all your might  
I won't give you up without a fight
