"Avail The Autocrat Of Evil"

Chanting the wide drape
The char and the moment
Of the holy church
World at his feet
Avail the autocrat of evil
That which evoke euthanasia
To inform your mind
-as child-
Again to channel power;
Avail the autocrat of evil
?to live this second
So abnormally clear
That life as an aeon
Whispers but faintly
-disappear-?
?to be the actual
Comet in the sense
Of the star
That life transforms into when death is
-born-?
Avail the autocrat of evil
In the moment of
Sour earth
And the flowers growth up there
-now-
