The Demon with a Way to dwell  
Haunting, final and tear appart on an Unnoticed wealth  
Flamelife insect, ghastly walks on souls  
Pens write and Lick in the airtouch  
Darkness in gore-like stench  
Incarnated for a Hatemission and for a Madness  
Sharing around in the garden of this planet  
Shadowcast; the very hat of it

To Torture Them Beyond Death Is The Heaven They  
Deserve  
Shadowstench, Deathpace; we're on course!  
On the behalf of Eternal Pride; I shadowcast the Very  
Map of it
