I raise or I fall; time, fate, fear ?  
-let?s not any longer bother there ?ehhaeh!  
Well, well, devacamo have dakasha ?  
Devacamo ? davacamo in dakasha ?  
Even clarity disappears in certain pictures ?  
Dakasha remains silent death-pictures ?  
?as also you are the element  
-as silent star as-  
That which beyond witching roooaar  
New new new new new echo old caw ?  
My furze come(s) in pain  
Brings light over leizla  
Confused minds possess black  
Pentagram  
Reveals our plane when  
The trident draws the circle
