You called me by her name again  
Thinking I was her again, when's this ever gonna end  
You're living somewhere in the past  
Missing love that didn't last and what we have is fading  
fast

And this ain't 1999, this is here and now you are mine  
But you're cheatin' on me, you're cheatin' on us  
You're cheatin' yourself right out of love  
You're slipping away from me unconsciously  
And I'm losing you to some old memory

You're haunted by that ghost in you  
She always gets the most of you, just want to be that  
close to you

And this ain't 1999, this is here and now you are mine  
But you're cheatin' on me, you're cheatin' on us  
You're cheatin' yourself right out of love  
You're slipping away from me unconsciously  
And I'm losing you to some old memory

I can't figure out what's wrong  
I can't change your mind  
But the only thing I know  
Is that I'm being left behind, I'm being left behind

This ain't 1999, this is here and now you are mine  
But you're cheatin' on me, you're cheatin' on us  
You're cheatin' yourself right out of love  
You're slipping away from me unconsciously  
And I'm losing you to some old memory

This ain't 1999  
This ain't 1999
