Boys come and go at seventeen
And hearts get broken in between
Emotions race like fast cars
Patience comes so hard

But I know I've got to make
Make my own mistakes
No one's gonna make them for me

And I've got to cry my tears
It might take years
but when it's finally here, I'll know love

For now it's just a question mark
'Til someone writes the answers in my heart
'Til love fills up the pages, all I can say is that
I'll find the one that I've been dreaming 'bout
It'll be okay, it'll all work out 'cause

I know I've got to make
Make my own mistakes
No one's gonna make them for me

And I've got to cry my tears
It might take years
But when it's finally here, I'll know love
