Thought I was made of stone  
But I'm flesh and blood  
Your leaving me unleashed a flood  
A raging storm but I'm nearly in the clear  
I'm almost over you  
I'm down to a solitary tear

I cried a river once  
Now it's almost dry  
I thought I'd drown but I survived  
When I think it's gone it always reappears  
The heartache's almost through  
I'm down to a solitary tear

Chorus:  
It's the only one  
That's stubborn and it just wont run  
All the other tears have come and gone  
So where is it coming from

You've been inside of me for way too long  
I'm letting go and moving on  
One more memory and you'll out of here  
I'm almost over you  
I'm down to a solitary tear

Chorus:  
It's the only one  
That's stubborn and it just wont run  
All the other tears have come and gone  
So where is it coming from

It keeps holding on  
Like some sad souvenir  
I'm almost over you  
I'm down to a solitary tear

The heartache's almost through  
I'm down to a solitary tear

I'm almost over you  
I'm down to a solitary tear
