1 Verse:

Where do we go from right now?
How does it strain to be one again?
Who would've knew that you would break my heart?
But for some reason I still have the feeling.

1 Chorus:

I can't survive without your love.
All I do is try to find our love.

2 Verse:

All I do is think about you.
My heart is full of faith for us.
My heart is shaking without your love.
But for some reason I still have the feeling.

2 Chorus:

I can't survive without your love.
All I do is try to find our love.

Bridge:

I'm lost without your love,
Ooh.
I can't be without your love,
Ooh.

3 Chorus:

I can't survive without your love.
All I do is try to find our love.
[repeat 2x]
