I'm sorry for this note that spills my feelings
I'm sorry for the lines and all their meaning
I know my words were late for that I'm sorry
But I'll still sign is sincerely yours and always

I'll only ask you once
(Ask you once)
I'll ask you just this once

Is it so bad to know that
I can't get over you and
When will I understand
You never wanted me or my apologies

I see you coming close my heart is racing
I can see you're hiding your mixed feeling
I never planned for this in my rehearsal
But looking in your eyes you are so beautiful

I'll only ask you once
(Ask you once)
I'll ask you just this once

Is it so bad to know that
I can't get over you and
When will I understand
You never wanted me or my apologies

I'm writing you this letter
Of all I have to give
And all I have to say
I'm hoping that you'll read this
And give me one more chance
Just one last chance
Sincerely yours and always

Is it so bad to know that
I can't get over you and
When will I understand
You never wanted me or my apologies and

Is is so bad to know that
I'm getting over you and
I finally understand
You never wanted me or my apologies

Sincerely yours and always
Sincerely yours and always
