make me last  
make me last  
through our love  
make me last  
new masquerade  
to be absorbed  
I had to act before  
now I talk  
and make me last  
make me last  
through our love  
make me last  
bring on the microphones  
hidden under stones  
record my sobs  
in baritones  
and make me last  
make me last  
through our love  
make me last  
in the new west  
the orange groves  
grow like a plague  
wherever you go  
I told the heads  
we'll show the world  
we'll film ourselves in history and chrome  
and I said that  
just not sure  
make me last  
through our love  
box office law  
simple and grand  
an endless stream  
one can draw  
the flicker of light  
piano keys  
a silent screen, a silent star  
make me last  
make me last  
through our love

make me last  
in the new west  
the orange groves  
grow like a plague  
wherever you go  
I told the heads  
we'll show the world  
we'll film ourselves in history and chrome  
and I said that, just not sure  
what's to be done  
it's thunder town they'll do  
what they can to hold you down (x 4)
