The Go-Betweens
"Careless"

Visit "Careless" on MotoLyrics.com

We're both careful
We're both kind
I know you
you're so easy to find

Clumsy me, clumsy you
Fell in love
and we don't know what to do

We make mistakes
Things crack and break
A friendship's born
and then it's too late

Clumsy me and you
Broke something
and we didn't know what to do

It used to be fun
Something to share
Now we're both jealous
'cause now we both care

Between the world and us
I sang, 'caught you'
Two is a crowd, one of us should know
Safety in numbers means number one can't go

Clumsy me and you
Broke something
and we didn't know what to do
