

The Go-Betweens "German farmhouse"

Visit "[German farmhouse](#)" on MotoLyrics.com

I lived in seclusion for a couple of years

In a german farmhouse just drinking beer

And every morning I'd wake up with a smile from ear to ear

I had one contact to the outside world

A phone in London and a seasick girl.

I knew what was happening but only in my part of the world

I knew what was happening

I knew that this was my world

I knew what was happening in my part of the world

There was an abandoned castle with empty chairs

There was a rumour Pavarotti would sing there

To raise funds for a music school but then the

whole thing vanished into thin air

It was a crazy idea

And it vanished into the air

It was a falling down castle with falling down stairs

I could walk the streets unrecognized

Nobody stopped me I was never surprised

By anybody's actions or by an ex-lover's eyes

And this felt good

And this felt so right

To be unloaded as I walked through the night

This felt good

This felt so right

To be unloaded as I walked through the night, this felt
right
