One light  
One light's all you need  
to keep the dark out  
One look  
One look's all it takes  
to put the fire out  
Too close and he knew it  
His knowledge cost him everything he had  
Too tired to feel it  
You shake him  
and the only thing that breaks  
You shake him  
and the only thing that breaks  
are bones and bones and bones  
and bones and bones that break

Almost  
Almost something  
you read and dream about  
Bad luck  
It's just bad luck  
the good luck's all run out  
The noises came and the noises went  
with promises that were heaven sent  
Lies are told when lives are spent  
You shake him  
and the only thing that breaks  
Shake him  
and the only thing that breaks  
are bones and bones and bones  
and bones and bones that break

You'll never, never, never, never break him  
You'll never, never, never, never take him  
You'll never, never, never, never waste him  
You'll never, never waste him  
You'll never, never take him  
You'll never, never waste him  
You'll never waste him  
One hand, one life  
One hand, one life
