alright... come on... no-w-w-w-w  
the main gate to the mansion is locked  
it's on my street -- on my block  
I went in but I got chased off  
the store-keeper said 'why don't the cars stop?'  
but the mansion's not the attraction it once was  
and it's on my, it's on my, on my... on my block  
on my block  
girl I've been called names times before  
it happens cause it happens here  
and nobody said they'd ever hear  
the garden is unkept and in bloom  
there is wilderness and flowers in my room  
the caretakers kept to be fired soon  
on my block  
girl I've been called names times before  
it happens cause it happens here  
and nobody said they'd ever hear  
the maingate -- the mansion -- is locked  
I'm standing on the spot  
and it's on my, oh my my... on my block  
on my block (fade)
