Your pride's my pride
Your on your side
and I stand, tongue tied
with my lies
You see things in black
I see things in white
It's just a twist in the light

Like a church mouse
you run in your house
Years round I talk, you talk
One thing's good
and then one thing's bad
It's not your fault don't get mad

One thing can hold us
One thing can break us
It's the same thing
One thing can hold us
One thing can break us
It's the same thing

My pride's your pride
I'm on your side
We stand, tongue tied
with our lies

One thing can hold us
One thing can break us
It's the same thing
One thing can hold us
One thing can break us
It's the same thing

One thing can hold us
One thing can break us
One thing can hold us
One thing can break us
One thing can hold us
One thing can break us
