It took you a week
To say one day
You were

A virtuoso
A virtuoso
The girls have moved

Some brass band
and a marching girl
She likes it that way
She likes it that way
Big from, big from Broadway

A virtuoso
A virtuoso
The girls have moved

Who am I to stop you
and who am I to stop you
I am just the one who loves you
loves you
I am just the one
I am just the one
who loves you

A virtuoso
A virtuoso
The girls have moved
A virtuoso
A virtuoso
The girls have moved
