Under the pale eternal skies
I look for the answers in your eyes
Thoughts of my lips on your shoulder
Rise up and take me over

Torn by the way you make me feel
I wonder if love could be this real.
The blanket of sand gets colder
And so i pull you closer.

Chorus:
I'm gonna hold you tight
And make it a beautiful night
It's time you give me your heart
And trust that i won't tear it apart.
Tomorrow you wont be the same.
If you let me take you away
Under the light of the moon
You'll find your way soon back to me

Sento stu core tujo, che sbatte comm'a ll'onne
Durmenno, angela mia, chi sa tu a chi te suonne

'A gelusia turmenta
Stu core mia malato
Te suonne a me?
Dimmello
O pure suonne a n'ato?

Chorus:
I'te vurria vasa'
I'te vurria vasa'
Ma 'o core nun
m' 'o ddice
'e te sceta', 'e te sceta'

I'me vurria addurmi', I'me vurria addurmi'
Vicino 'o sciato tujo, n'ora pur'i', n'ora pur'i'

Tomorrow you won't be the same
I'me vurria addurmi'

Under the light of the moon
you'll find your way soon
N'ora pur'i'
Ooooooo
N'ora pur'i'
