We've been through so much
We've stayed in close touch
Seems like we've always been together
We've sung the same song
Unchanged for so long
Guess we'll be singing it forever

Chorus:

When love begins so easily
it feels like it was meant to be
You're the special lover heaven chose me
and after all is said and done
we've had our fights, we've had our fun
and you're the only one who really knows me
and everything I need I find in you

Time keeps on going
Love keeps on growing
and all the changes that we go through
are so revealing, they leave me feeling
I'm just so happy that I know you...

(chorus)

Everyone I ever knew
is looking for a someone who
can fit into the spaces in their dreams
Don't know where we're heading to
but here is me and there is you
for so it seems...

Whatever happens
we'll make it happen
Don't have to worry about tomorrow
We have each other
and we'll discover
life has its happiness and sorrow...

But we'll continue come what may
Love grows stronger day by day
as we discover so much more about it

It feels so right it feels so good
It feels the way a true love should
I can't imagine living life without it
'cause everything I need I find in you...

Love keeps on growing...
