Can't seem to get no sleep no
Just lay in bed till morning break
I hope that's dreams that you keep
Cause when the lights go out girl I dream of your face
No I ain't complaining think how the day came in
I pray for so long for this kind of love I can't explain it
You are what I was looking for think I had ..
Now that I found you wanna go and beg you for me

Chorus

Take it slow
No one has to know
No need to go hard
Let's keep it cool being just as true
Wanna know your cover
Must be there for the each other
Keep it on the low just take it slow
Let's take it slow slow slow
Let's take it slow slow slow
You tired even though you keep it on the low
Take it slow
Baby girl what's the rush
Just loving don't asking much
Just be anticipating this waiting
I wanna try to respect your mind your body too
,of you
Don't mean to sound obsess somehow you got me
hooked
You got under my skin you had me with that look
And now I am sweating hard .. I just wanna take it slow

Chorus

Take it slow
No one has to know
No need to go hard
Let's keep it cool being just as true
Wanna know your cover
Must be there for the each other
Keep it on the low just take it slow
Let's take it slow slow slow

Let's take it slow slow slow
You tired even though you keep it on the low
Take it slow

Ha haha

Let me talk to you
Baby girl this ain't no game
When I met you I knew that you are the same
Some boys don't get it but I will be a man
Your man

Chorus
Take it slow
No one has to know
No need to go hard
Let's keep it cool being just as true
Wanna know your cover
Must be there for the each other
Keep it on the low just take it slow
Let's take it slow slow slow
Let's take it slow slow slow
You tired even though you keep it on the low
Take it slow

You are a special kind of girl
Ha ha ha
Ha ha ha

Thanks to feel
