Dig through the ashtray, find a little loose chain
Wash down the truck from a week's worth of farm mud
Tree on the rear view bouncing with a new tune
Seat leaned back pulling for a 12 pack
Grab my cell phone bocephus ringtones
All my rowdy friends wanna know what's going on

We're gonna get a little buzzed
Get a little loud
Get a little crazy with the honkey tonk crowd
Crank that country music; it's time to tear it up
Like a field full of goods, times aint never been
touched
Set em up robot go and watch us knock em down
Tonight we're gonna get plowed

Pull in the parking lot
Barely got a spot
People pushing their way like its front row George
straight
Pull out my ID get a shot of whiskey
Gotta play catch up cause beer alone ain't quick
enough
Right now everybody's right where I wanna be
Jumping, leaning, dancing, screaming

We're gonna get a little buzzed
Get a little loud
Get a little crazy with the honkey tonk crowd
Crank that country music; it's time to tear it up
Like a field full of goods, times aint never been
touched
Set em up robot go and watch us knock em down
Tonight we're gonna get plowed

Tomorrow we'll be sweating beer sitting on a John
Deere
Head hanging long cause we didn't want to go home
Race back to the barn, grab my second wind
All my rowdy friends are ringin again

We're gonna get a little buzzed
Get a little loud
Get a little crazy with the honkey tonk crowd
Crank that country music; it's time to tear it up
Like a field full of goods, times aint never been
touched
Set em up robot and watch us knock em down
Tonight we're gonna get plowed
