Its all gone by so fast, I cant believe its over
Oh this moment
Seemed like yesterday
We could not wait to be older, never knowing
That these are the times
We'll remember as we move on
To a world that's so unknown
These days are changing what lies tomorrow
Oh we'll never know

Tonight let's live in forever
So we can
Just hold on to these moments
That we made as we share
These dreams together
We'll look back one day and remember
That these are the best, the best days of our life

We were invincible
Nobody came between us
We were fearless
And all those crazy nights
And lines we crossed to see them
We just don't know why
How we survived trying to find ourselves
But now, here we are

Tonight let's live in forever
So we can
Just hold on to these moments
That we made as we share
These dreams together
We'll look back one day and remember
That these are the best, the best days of our life

Oh I know that we'll be leaving
We'll be on our separate ways
So lets not fade away
Or forget today
'Cause these are the memories
That we'll remember

Ohh remember

Tonight let's live in forever
So we can
just hold on to these moments
that we made as we share
These dreams together
We'll look back one day and remember
That these are the best, the best days of our life
These are the best, the best days of our lives
