Get To You

I've been listenin to every word youve said,
and it's just an, an illusion,
that's running in my head.

i'm cold an innocent , so take my hand
i just can't understand noo way

and i did my time and i said my lines
i was always looking for a little sign
i payed my dues just to get to you
i would never follow all the stupid rules
sun on my head and back to the wall
it was always something that i couldn't ignore
and i took my time and i made you mine

now i've been thinking about everything you've said
and i just can't get over, the way i've been misled

and how can you be sure when nothing feels too real
anymore
i just can't understand no way

and i did my time and i said my lines
i was always looking for a little sign
i payed my dues just to get to you
i would never follow all the stupid rules
sun on my head and back to the wall
it was always something that i couldn't ignore
and i took my time and i made you mine

and why won't you just let me do what i wanna do
and why won't you just let me go

and i did my time and i said my lines
i was always looking for a little sign
i payed my dues just to get to you
i would never follow all the stupid rules
sun on my head and back to the wall
it was always something that i couldn't ignore

and i took my time and i made you mine

nah nah nah nah nah nah.....
